ARREST CHINK WHO HAS DRUGS IN POSSESSION

Government men swooped down upon Tom Fong, a local Chinese, last night, and as the result, Mr. Fong is out about \$2000 worth of drugs, and is in the county jail, at the waiting, awaiting bondmen to the tune of \$2000, the amount set by District Judge Averill.

Fong, it is said, has for the past several months been dealing in cocaine, opium, morphine and heroin in a wholesale fashion. This was brought to the attention of the federal authorities in San Francisco and detectives were sent to Tonopah from that district. After securing evidence, D. E. Edson and H. Haley of San Francisco, and Thomas H. Dunn, of Tonopah, raided the quarters of Fong last night and secured over \$2000 worth of drugs that were held by Fong contrary to law.

It is said that Fong had several packages of the drugs neatly sewed up in his garments ready for distribution to his patrons.

It is the ruling of the government that all drugs of this sort secured in raids be sent to Washington, D. C., where they are distributed to the various national hospitals.

Messrs. Edson and Haley departed for San Francisco this morning, but stated that they will return to Carson City to testify when the case of Fong is called in the federal court in that city.

RAILROAD BOARD IN LABOR DECISION

(By Associated Press)
CHICAGO, Dec. 18.—The United States Railway Labor board handed down a decision today interpreting the Esch-Cummins act to mean that the board does not have jurisdiction over any interurban or electric lines. Appeals from employees on various electric lines, asking the board to hear grievances, were denied.

GERMAN-MADE TOYS AGAIN INVADE U. S.

WASHINGTON, D. C., Dec. 18.—A "made in Germany" Santa Claus will return to America this Christmas and fill almost half as many stockings as he did in 1914 just before the world war.

Import figures of the department of commerce disclosed today this remarkable "comeback" of Germany into the American toy market.

In 1914 Germany sent \$7,718,854 worth of toys into the United States. During the war Germany, of course, lost her position of toy leadership in this country. This year German imports of toys total \$2,893,484, or a gain within two years after the war of about 50 per cent of the American toy trade.

NEW FERRY SYSTEM ACROSS S. F. BAY

(By Associated Press)
SAN FRANCISCO, Cal., Dec. 18.—Operation of a new automobile ferry system across San Francisco bay between Oakland and San Francisco will start in a few months, it was announced here recently.

At present the ferry system handles the vehicular traffic between the two points. Automobile owners say the establishment of the second ferry company will be able to make faster time in crossing the bay when there is a rush to the ferries on week ends and holidays.

It is stated that oil is now flowing over the casings on the Petroleum company's ground and that intense excitement prevailed in the district.

SUGGESTS ECONOMIC CLEARING SYSTEM

(By Associated Press)
BERLIN, Dec. 18.—Germany should expect more from the state, practical policy on the part of the German people than any efforts toward reconstruction by the league of nations, declared Dr. Gustav Stresemann, leader of the German People's party. He suggested a world economic clearing house system to which he said a number of important Americans are giving their attention, which might, to some degree restore economic order in the world.

NEW HOIST ON ARROWHEAD IS TURNED OVER

The heavy hoisting machinery on the main Arrowhead property was turned over yesterday afternoon and is working perfectly. This will enable the management to push the work to much better advantage than formerly. The west drift, 267 feet, is now 24 feet from the shaft, and shows a two-foot vein of quartz, heavily impregnated with iron sulphides, together with some silver sulphides, along the vein rich bunches of silver have been encountered. The drift will reach the point where the ore from above should extend down to this level at a point about 35 feet west of the shaft.

The Smuggler group, controlled by Pete Six, has started a shaft on a vein which runs gold freely. The shaft is now down 18 feet. One hundred and 10 feet is the depth attained by the contractors on the Rico estate. Considerable water is coming in, but it is thought that it will diminish, as it appears to be a reservoir which will soon drain.
